- HTML
- CSS
- PYTHON

## Education

**Bachelor of Information Technology**

*METRO DUMAGUETE COLLEGE* 2024-2026

Ambitious 2-year Bachelor of Science in Information Technology graduate from MDC.

Trained in modern network administration, database design, and technical support. A proactive problem-solver dedicated to continuous learning, looking to kickstart a career by bringing fresh technical insights and strong work ethic to an innovative IT team.

## Experience

2025-2026

IT Intern / OJT Student

Blah blah City, Philippines | 2025– 2026

- Provided technical help desk support, troubleshooting hardware, software, and local area network (LAN) connectivity issues for over student users.
- Assisted in installing, configuring, and maintaining operating systems, office applications, and peripheral equipment (printers, scanners).
- Collaborated with the IT unit to update system documentation, backup local data repositories, and enforce user access security policies.
- Conducted routine preventive maintenance on computer laboratory units to minimize technical downtime.
